

# Contribute your AR Data to NACM

**Does your company contribute data to a credit bureau such as D&B, Experian, Equifax, etc? Would you consider adding NACM to your list?**

## Why contribute your data to multiple credit bureaus?

- Rewards good customers, supports the credit community and U.S. Commerce
- Adds to the overall picture of a firm's financial health & impacts their credit score
- Data contribution can be completely confidential should you choose

## Benefits to your organization include:

- Data contributors can outsource credit reference requests to NACM at **NO** cost, thus taking the workload off your staff
- Cost your organization \$0 to contribute
- No additional workload for your staff to generate a monthly file

**Submitting a file to another credit organization already? We can take a variety of different file types. Please consider adding us to your list of recipients.**

**Do I have to hold an NACM Membership? No, you can be an AR Data contributor at no cost to your organization.**
